# PARTY PLATFORMS, 1884.

## The Republican Platform.

[Adopted by the National Convention, Chicago, June 5.]

1. The Republicans of the United States in National Convention assembled renew their allegiance to the principles upon which they have triumphed in six successive Presidential elections, and congratulate the American people on the attainment of so many results in legislation and administration by which the Republican party has, after saving the Union, done so much to render its institutions just, equal, and beneficent, the safeguard of liberty, and the embodiment of the best thought and highest purposes of our citizens. The Republican party has gained its strength by quick and faithful response to the demands of the people for the freedom and the equality of all men; for a united Nation, assuring the rights of al citizens; for the elevation of labor; for an honest currency; for purity in legislation; and for integrity and accountability in all departments of the Government. And it accepts anew the duty of leading in the work of progress and reform.

2. We lament the death of President Garfield, whose sound statesmanship, long conspicuous in Congress, gave promise of a strong and successful administration, a promise fully realized during the brief period of his office as President of the United States. His distinguished services in war and peace, have endeared him to the hearts of the American people.

3. In the administration of President Arthur, we recognize a wise, conservative and patriotic policy, under which the country has been blessed with remarkable

prosperity; and we believe his eminent services are entitled to and will receive the hearty approval of every citizen.

4. It is the first duty of a good Government to protect the rights and promote the interests of its own people. The largest diversity of industry is the most productive of general prosperity and of the comfort and independence of the people. We therefore demand that the imposition of duties on foreign imports shall be made, not for revenue only, but that in raising the requisite revenues for the Government, such duty shall be so levied as to afford security to our diversified industries and protection to the rights and wages of the laborer, to the end that active and intelligent labor, as well as capital, may have its just reward, and the laboring man his full share in the National prosperity.

5. Against the so-called economic system of the Democratic party, which would degrade our labor to the foreign standard, we enter our most earnest protest. The Democratic party has failed completely to relieve the people of the burden of unnecessary taxation by a wise reduction of the surplus.

6. The Republican party pledges itself to correct the inequalities of the tariff and to reduce the surplus, not by the vicious and indiscriminating process of horizontal reduction, but by such methods as will relieve the taxpayer without injuring the laborer or the great productive interests of the country.

7. We recognize the importance of sheep-husbandry in the United States, the serious depression it is now experiencing, and the danger threatening its future prosperity; and we, therefore respect the demands of the representatives of this important agricultural interest for a readjustment of duties upon foreign wool in order that such industry shall have full and adequate protection.

8. We have always recommended the best money known to the civilized world, and we urge that efforts should be made to unite all commercial nations in the establishment of an international standard which shall fix for all the relative value of gold and silver coinage.

9. The regulation of commerce with foreign nations and between the States is one of the most important prerogatives of the general Government, and the Republican party distinctly announces its purpose to support such legislation as will fully and efficiently carry out the constitutional power of Congress over inter-State commerce.

10. The principle of the public regulation of railroad corporations is a wise and salutary one for the protection of all classes of the people, and we favor legislation that shall prevent unjust discrimination and excessive charges for transportation, and that shall secure to the people and the railways alike the fair and equal protection of the laws.

11. We favor the establishment of a National Bureau of Labor; the enforcement of the eight-hour law; a wise and judicious system of general education by adequate appropriation from the National revenues wherever the same is needed.

We believe that everywhere the protection of the citizen of American birth must be secured to citizens of American adoption, and we favor the settlement of National differences by international arbitration.

12. The Republican party, having its birth in a hatred of slave labor and a desire that all men may be truly free and equal, is unalterably opposed to placing our workingmen in competition with any form of servile labor, whether at home or abroad. In this spirit we denounce the importation of contract labor, whether from Europe or Asia, as an offence against the spirit of American institutions, and we pledge ourselves to sustain the present law restricting Chinese immigration, and to provide such further legislation as is necessary to carry out its purposes.

13. The reform of the civil service, auspiciously begun under Republican administration, should be completed by the further extension of the reform system already established by law to all grades of the service to which it is applicable. The spirit and purpose of the reform should be observed in all executive appointments, and all laws at variance with the objects of existing reform legislation should be repealed to the end that the danger to free institutions which lurks in the power of official patronage may be wisely and effectively avoided.

14. The public lands are a heritage of the people of the United States, and should be reserved, as far as possible, for small holdings of actual settlers. We are opposed to the acquisition of large tracts of these lands by corporations or individuals, especially where such holdings are in the hands of non-resident aliens, and we will endeavor to obtain such legislation as will tend to correct this evil. We demand of Congress the speedy forfeiture of all land grants which have lapsed by reason of non-compliance with acts of incorporation, in all cases where there has been no attempt in good faith to perform the conditions of such grants.

15. The grateful thanks of the American people are due to the Union soldiers and sailors of the late war; and the Republican party stands pledged to suitable pensions for all who were disabled, and for the widows and orphans of those who died in the war. The Republican party also pledges itself to the repeal of the limitation contained in the Arrears Act of 1879, so that all invalid soldiers shall share alike, and their pensions shall begin with the date of disability or discharge, and not with the date of their application.

16. The Republican party favors a policy which shall keep us from entangling alliances with foreign nations, and which gives us the right to expect that foreign nations shall refrain from meddling in American affairs—a policy which seeks peace and trade with all Powers, but especially with those of the Western Hemisphere.

17. We demand the restoration of our navy to its old time strength and efficiency, that it may in any high sea protect the rights of the American citizens and the interests of American commerce. We call upon Congress to remove the burdens un-

der which American shipping has been depressed, so that it may again be true that we have a commerce which leaves no sea unexplored, and a navy which takes no law from superior force.

18. That the appointments by the President to offices in the Territories should be made from the *bona fide* citizens and residents of the Territories wherein they are to serve.

19. That it is the duty of Congress to enact such laws as shall promptly and effectually suppress the system of polygamy within our Territories, and divorce the political from the ecclesiastical power of the so-called Mormon Church, and that the law so enacted should be rigidly enforced, by the civil authorities if possible, and by the military if need be.

20. The people of the United States, in their organized capacity, constitute a Nation, and not a mere confederation of States. The National Government is supreme within the sphere of its National duties, but the States have reserved rights which should be faithfully maintained, and which should be guarded with jealous care, so that the harmony of our system of government may be preserved, and the Union kept inviolate.

21. The perpetuity of our institutions rests upon the maintenance of a free ballot, an honest count, and correct returns. We denounce the fraud and violence practised by the Democracy in the Southern States, by which the will of the voter is defeated, as dangerous to the preservation of free institutions; and solemnly arraign the Democratic party as being the guilty recipient of the reward of such fraud and violence.

22. We extend to the Republicans of the South, regardless of their former party affiliations, our cordial sympathy, and pledge to them our most earnest efforts to promote the passage of such legislation as will secure to every citizen of whatever race and color the full and complete recognition, possession, and exercise of all civil and political rights.

[The platform was adopted unanimously. The candidates—JAMES G. BLAINE, of Maine, for President, and JOHN A. LOGAN, of Illinois, for Vice President—were nominated June 6—Mr. Blaine on the fourth ballot and General Logan on the first.]

### The Democratic Platform.

[Adopted by the National Convention, Chicago, July 10.]

The Democratic party of the Union, through its representatives in national convention assembled, recognizes that, as the Nation grows older, new issues are born of time and progress, and old issues perish. But the fundamental principles of the Democracy, approved by the united voice of the people, remain and will ever remain as the best and only security for the continuance of free Government. The preservation of personal rights; the equality of all citizens before the law; the reserved rights of the States, and the supremacy of the Federal Government within the limits of the constitution, will ever form the true basis of our liberties, and can never be surrendered without destroying that balance of rights and powers which enables a continent to be developed in peace, and social order to be maintained by means of local self-government. But it is indispensable for the practical application and enforcement of these fundamental principles that the Government should not always be controlled by one political party. Frequent change of administration is as necessary as constant recurrence to the popular will. Otherwise, abuses grow, and the Government, instead of being carried on for the general welfare, becomes an instrumentality for imposing heavy burdens on the many who are governed, for the benefit of the few who govern. Public servants thus become arbitrary rulers. This is now the condition of the country; hence a change is demanded.

The Republican party, so far as principle is concerned, is a reminiscence. In practice it is an organization for enriching those who control its machinery. The frauds and jobbery which have been brought to light in every department of the Government are sufficient to have called for reform within the Republican party; yet those in authority, made reckless by the long possession of power, have succumbed to its corrupting influence and have placed in nomination a ticket against which the independent portion of the party are in open revolt. Therefore, a change is demanded. Such a change was alike necessary in 1876, but the will of the people was then defeated by a fraud which can never be forgotten or condoned. Again, in 1880, the change demanded by the people was defeated by the lavish use of money contributed by unscrupulous contractors and shameless jobbers, who had bargained for unlawful profits or high office. The Republican party, during its legal, its stolen, and its bought tenures of power, has steadily decayed in moral character and political capacity. Its platform promises are now a list of its past failures. It demands the restoration of our navy—it has squandered hundred of millions to create a navy that does not exist. It calls upon Congress to remove the burdens under which American shipping has been depressed: it imposed and has continued those burdens. It professes the policy of reserving the public lands for small holdings by actual settlers—it has given away the people's heritage till now a few railroads and non-resident aliens, individual and corporate, possess a larger area than that of all our farms between the two seas. It professes a preference for free institutions—it organized and tried to legalize a control of State elections by Federal troops. It professes a desire to elevate labor—it has subjected American workingmen to the competition of convict and imported contract labor. It professes gratitude to all who were disabled or died in the war, leaving widows and orphans—it left to a Democratic House of Representatives the first effort to equalize both bounties and pensions. It proffers a pledge to correct the irregularities of our tariff—it created and has continued them. Its own tariff commission confessed the need of more than 20 per cent reduction—its Congress gave a reduction of less than 4 per cent. It professes the protection of American manufactures—it has subjected

them to an increasing flood of manufac t red goods and a hopeless competition with manufacturing nations, not one of which taxes raw materials. It professes to protect all American industries—it has impoverished many to subsidize a few. It professes the protection of American labor—it has depleted the returns of American agriculture, an industry followed by half our people. It professes the equality of all men before the law, attempting to fix the status of colored citizens—the acts of its Congress were overset by the decisions of its courts. It "accepts anew the duty of leading in the work of progress and reform"—its caught criminals are permitted to escape through contrived delays or actual connivance in the prosecution. Honeycombed with corruption, outbreaking exposures no longer shock its moral sense. Its honest members, its independent journals, no longer maintain a successful contest for authority in its councils or a veto upon bad nominations, That change is necessary is proved by an existing surplus of more than $100,000,000, which has been yearly collected from a suffering people. Unnecessary taxation is unjust taxation. We denounce the Republican party for having failed to relieve the people from crushing war taxes, which have paralyzed business, crippled industry, and deprived labor of employment and of just reward.

The Democracy pledges itself to purify the Administration from corruption, to restore economy, to revive respect for the law, and to reduce taxation to the lowest limit consistent with due regard to the preservation of the faith of the Nation to its creditors and pensioners. Knowing full well, however, that legislation affecting the operations of the people should be cautious and conservative in method not in advance of public opinion, but responsive to its demands, the Democratic party is pledged to revise the tariff in a spirit of fairness to all interests. But in making reduction in taxes, it is not proposed to injure any domestic industries, but rather to promote their healthy growth. From the foundation of this Government taxes collected at the Custom House have been the chief source of Federal revenue. Such they must continue to be. Moreover, many industries have come to rely upon legislation for successful continuance, so that any change of law must be at every step regardful of the labor and capital thus involved. The process of the reform must be subject in the execution to this plain dictate of justice—all taxation shall be limited to the requirements of economical government. The necessary reduction in taxation can and must be effected without depriving American labor of the ability to compete successfully with foreign labor, and without imposing lower rates of duty than will be ample to cover any increased cost of production which may exist in consequence of the higher rate of wages prevailing in this country. Sufficient revenue to pay all the expenses of the Federal Government economically administered including pensions, interest, and principal of the public debt, can be got under our present system of taxation from Custom House taxes on fewer imported articles, bearing heaviest on articles of luxury, and bearing lightest on articles of necessity. We, therefore, denounce the abuses of the existing tariff; and subject to the preceding limitations, we demand that Federal taxation shall be exclusively for public purposes, and shall not exceed the needs of the Government economically administered.

The system of direct taxation known as the "internal revenue" is a war tax, and so long as the law continues, the money derived therefrom should be sacredly devoted to the relief of the people from the remaining burdens of the war, and be made a fund to defray the expenses of the care and comfort of worthy soldiers disabled in line of duty in the wars of the Republic, and for the payment of such pensions as Congress may from time to time grant to such soldiers, a like fund for the sailors having been already provided, and any surplus should be paid into the Treasury.

We favor an American continental policy based upon more intimate commercial and political relations with the fifteen sister republics of North, Central and South America, but entangling alliances with none.

We believe in honest money, the gold and silver coinage of the Constitution, and a circulating medium convertible into such money without loss.

Asserting the equality of all men before the law, we hold that it is the duty of the Government in its dealings with the people to mete out equal and exact justice to all citizens of whatever nativity, race, color, or persuasion, religious or political.

We believe in a free ballot and a fair count, and we recall to the memory of the people the noble struggle of the Democrats in the Forty-fifth and Forty-sixth Congresses, by which a reluctant Republican opposition was compelled to assent to legislation making everywhere illegal the presence of troops at the polls, as a conclusive proof that a Democractic Administration will preserve liberty with order.

The selection of Federal officers for the Territories should be restricted to citizens previously resident therein.

We oppose sumptuary laws which vex the citizen and interfere with individual liberty.

We favor honest civil service reform and the compensation of all United States officers by fixed salaries; the separation of Church and State, and the diffusion of free education by common schools, so that every child in the land may be taught the rights and duties of citizenship.

While we favor all legislation which will tend to the equitable distribution of property, to the prevention of monopoly, and to the strict enforcement of individual rights against corporate abuses, we hold that the welfare of society depends upon a scrupulous regard for the rights of property as defined by law. We believe that labor is best rewarded where it is freest and most enlightened. It should, therefore be fostered and cherished. We favor the repeal of all laws restricting the free action of labor, and the enactment of laws by which labor organizations may be incor-

porated, and of all such legislation as will tend to enlighten the people as to the true relations of capital and labor,

We believe that the public land ought, as far as possible, to be kept as homsteads for actual settlers; that all unearned lands heretofore improvidently granted to railroad corporations by the action of the Republican party should be restored to the public domain, and that no more grants of land should be made to corporations, or be allowed to fall into the ownership of alien absentees.

We are opposed to all propositions which, upon any pretext, would convert the General Government into a machine for collecting taxes to be distributed among the States or the citizens thereof.

In re-affirming the declaration of the Democratic platform of 1856, that the liberal principles embodied by Jefferson in the Declaration of Independence, and sanctioned in the Constitution, which makes ours the land of liberty and the asylum of the oppressed of every nation, have ever been cardinal principles in the Democratic faith, we nevertheless do not sanction the importation of foreign labor or the admission of servile races, unfitted by habits, training, religion, or kindred, for absorption into the great body of our people, or for the citizenship which our laws confer. American civilization demands that against the immigration or importation of Mongolians to these shores our gates be closed.

The Democratic party insists that it is the duty of the Government to protect with equal fidelity and vigilance the rights of its citizens, native and naturalized, at home and abroad; and to the end that this protection may be assured, United States papers of naturalization issued by courts of competent jurisdiction must be respected by the Executive and Legislative Departments of our own Government and all foreign powers. It is an imperative duty of this Government to efficiently protect all the rights of persons and property of every American citizen in foreign lands, and demand and enforce full reparation for any invasion thereof. An American citizen is only responsible to his own Government for any act done in his own country or under her flag, and can only be tried therefor on her own soil and according to her laws; and no power exists in this Government to expatriate an American citizen to be tried in any foreign land for any such act.

This country has never had a well-defined and executed foreign policy save under Democratic administration. That policy has ever been in regard to foreign nations, so long as they do no act detrimental to the interests of the country or hurtful to our citizens, to let them alone; that as a result of this policy we recall the acquisition of Louisiana, Florida, California, and of the adjacent Mexican territory by purchase alone, and contrast these grand acquisitions of Democratic statesmanship with the purchase of Alaska, the sole fruit of a Republican administration of nearly a quarter of a century.

The Federal Government should care for and improve the Mississippi River and other great waterways of the Republic, so as to secure for the interior States easy and cheap transportation to tide water.

Under a long period of Democratic rule and policy our merchant marine was fast overtaking and on the point of outstripping that of Great Britain; under twenty years of Republican rule and policy our commerce has been left to British bottoms, and the American flag has almost been swept off the high seas. Instead of the Republican Party's British policy, we demand for the people of the United States an American policy. Under Democratic rule and policy our merchants and sailors, flying the Stars and Stripes in every port, successfully searched out a market for the varied products of American industry; under a quarter century of Republican rule and policy, despite our manifest advantage over other nations in high-paid labor, favorable climates and teeming soils; despite freedom of trade among all these United States; despite their population by the foremost races of men, and an annual immigration of the young, thrifty, and adventurous of all nations; despite our freedom here from the inherited burdens of life and industry in Old World monarchies, their costly war navies, their vast tax-consuming, non-producing standing armies; despite twenty years of peace, that Republican rule and policy have managed to surrender to Great Britain, along with our commerce, the control of the markets of the world. Instead of the Republican Party's British policy, we demand, in behalf of the American Democracy, an American policy. Instead of the Republican Party's discredited scheme and false pretence of friendship for American labor, expressed by imposing taxes, we demand in behalf of the Democracy, freedom for American labor by reducing taxes, to the end that these United States may compete with unhindered powers for the primacy among nations in all the arts of peace and fruits of liberty.

With profound regret we have been apprised by the venerable statesman through whose person was struck that blow at the vital principle of republics, acquiescence in the will of the majority, that he cannot permit us again to place in his hands the leadership of the Democratic hosts, for the reason that the achievement of reform in the administration of the Federal Government is an undertaking now too heavy for his age and failing strength. Rejoicing that his life has been prolonged until the general judgment of our fellow-countrymen is united in the wish that that wrong were righted in his person, for the Democracy of the United States we offer to him, in his withdrawal from public cares, not only our respectful sympathy and esteem, but also that best homage of freemen, the pledge of our devotion to the principles and the cause now inseparable in the history of this Republic from the labors and the name of Samuel J. Tilden.

With this statement of the hopes, principles and purposes of the Democratic Party, the great issue of reform and change in administration is submitted to the people, in calm confidence that the popular voice will pronounce in favor of new men and new and more favorable conditions for

the growth of industry, the extension of trade and employment and due reward of labor and of capital, and the general welfare of the whole country.

[The platform was adopted without a division, after a substitute offered by Benjamin F. Butler, of Massachusetts, was voted down—yeas, 97½; nays, 714½. The candidates—GROVER CLEVELAND, of New-York, for President, and THOMAS A. HENDRICKS, of Indiana, for Vice-President—were nominated July 12—Governor Cleveland on the second ballot, and ex-Governor Hendricks on the first.

## The Greenback Labor Platform.

[Adopted in National Convention, Indianapolis, May 28, 1884.]

Eight years ago our young party met in this city for the first time, and proclaimed to the world its immortal principles, and placed before the American people as a Presidential candidate that great philanthropist and spotless statesman, Peter Cooper. Since that convention our party has organized all over the Union, and through discussion and agitation has been educating the people to a sense of their rights and duties to themselves and their country. These labors have accomplished wonders. We now have a great, harmonious party, and thousands who believe in our principles in the ranks of other parties.

"We point with pride to our history." We forced the remonetization of the silver dollar; prevented the refunding of the public debt into long-time bonds; secured the payment of the bonds, until the "best banking system the world ever saw" for robbing the producer now totters because of its contracting foundation; we have stopped the squandering of our public domain upon corporations; we have stopped the wholesale destruction of our greenback currency, and secured a decision of the Supreme Court of the United States establishing forever the right of the people to issue their own money.

Notwithstanding all this, never in our history have the banks, land-grant railroads, and other monopolies, been more insolent in their demands for further privileges—still more class legislation. In this emergency the dominant parties are arrayed against the people, and are the abject tools of the corporate monopolies.

In the last Congress they repealed over $12,000,000 of annual taxes for the banks, throwing the burden upon the people to pay or pay interest thereon.

Both old parties in the present Congress vie with each other in their efforts to further repeal taxes in order to stop the payment of the public debt, and save the banks whose charters they have renewed for twenty years. Notwithstanding the distress of business, the shrinkage of wages and panic, they persist in locking up, on various pretexts, $400,000,000 of money, every dollar of which the people pay interest upon, and need, and most of which should be promptly applied to pay bonds now payable.

The old parties are united—as they cannot agree what taxes to repeal—in efforts to squander the income of the Government upon every pretext rather than pay the debt.

A bill has already passed the United States Senate making the banks a present of over $50,000,000 more of the people's money in order to enable them to levy a still greater burden of interest taxes.

A joint effort is being made by the old party leaders to overturow the sovereign constitutional power of the people to control their own financial affairs and issue their own money, in order to forever enslave the masses to bankers and other business. The House of Representatives has passed bills reclaiming nearly 100,000,000 acres of lands granted to and forfeited by railroad companies. These bills have gone to the Senate, a body composed largely of aristocratic millionnaires, who, according to their own party papers, generally purchased their elections in order to protect great monopolies which they represent. This body has thus far defied the people and the House, and refused to act upon these bills in the interest of the people.

Therefore, we, the National party of the United States, in National convention assembled, this 29th day of May, A. D. 1884, declare:

1. That we hold the late decision of the Supreme Court on the legal-tender question to be a full vindication of the theory which our party has always advocated on the right and authority of Congress over the issue of legal-tender notes, and we hereby pledge ourselves to uphold said decision, and to defend the Constitution against alterations or amendments intended to deprive the people of any rights or privileges conferred by that instrument. We demand the issue of such money in sufficient quantities to supply the actual demand of trade and commerce, in accordance with the increase of population and the development of our industries. We demand the substitution of greenbacks for National bank notes and the prompt payment of the public debt. We want that money which saved our country in time of war and which has given it prosperity and happiness in peace. We condemn the retirement of the fractional currency and the small denominations of greenbacks, and demand their restoration. We demand the issue of the hoards of money now locked up in the United States Treasury, by applying them to the payment of the public debt now due.

2. We denounce, as dangerous to our republican institutions, those methods and policies of the Democratic and Republican parties which have sanctioned or permitted the establishment of land, railroad, money, and other gigantic corporate monopolies; and we demand such governmental action as may be necessary to take from such monopolies the powers they have so corruptly and unjustly usurped, and restore them to the people, to whom they belong.

3. The public lands being the natural inheritance of the people, we denounce that policy which has granted to corporations vast tracts of land, and we demand that immediate and vigorous measures be

taken to reclaim from such corporations, for the people's use and benefit, all such land grants as have been forfeited by reason of nonfulfillment of contract, or that may have been wrongfully acquired by corrupt legislation, and that such reclaimed lands and other public domain be henceforth held as a sacred trust, to be granted only to actual settlers in limited quantities; and we also demand that the alien ownership of land, individual or corporate, shall be prohibited.

4. We demand congressional regulation of inter-state commerce. We denounce "pooling," stock watering and discrimination in rates and charges, and demand that Congress shall correct these abuses, even, if necessary, by the construction of national railroads. We also demand the establishment of a government postal telegraph system.

5. All private property, all forms of money and obligations to pay money, should bear their just proportion of the public taxes. We demand a graduated income tax.

6. We demand the amelioration of the condition of labor by enforcing the sanitary laws in industrial establishments, by the abolition of the convict labor system, by a rigid inspection of mines and factories, by a reduction of the hours of labor in industrial establishments, by fostering educational institutions, and by abolishing child labor.

7. We condemn all importations of contracted labor, made with a view of reducing to starvation wages the workingmen of this country, and demand laws for its prevention.

8. We insist upon a constitutional amendment reducing the terms of United States Senators.

9. We demand such rules for the government of Congress as shall place all representatives of the people upon an equal footing, and take away from committees a veto power greater than that of the President.

10. The question as to the amount of duties to be levied upon various articles of import has been agitated and quarelled over and has divided communities for nearly a hundred years. It is not now and never will be settled unless by the abolition of indirect taxation. It is a convenient issue—always raised when people are excited over abuses in their midst. While we favor a wise revision of the tariff laws, with a view to raising a revenue from luxuries rather than necessaries, we insist that as an economic question its importance is insignificant as compared with financial issues; for whereas we have suffered our worst panics under low and also under high tariffs, we have never suffered from a panic nor seen our factories and workshops closed while the volume of money in circulation was adequate to the needs of commerce. Give our farmers and manufacturers money as cheap as you now give it to our bankers, and they can pay high wages to labor, and compete with all the world.

11. For the purpose of testing the sense of the people upon the subject, we are in favor of submitting to a vote of the people an amendment to the Constitution in favor of suffrage regardless of sex, and also on the subject of the liquor traffic.

12. All disabled soldiers of the late war should be equitably pensioned, and we denounce the policy of keeping a small army of office-holders whose only business is to prevent, on technical grounds, deserving soldiers from obtaining justice from the government they helped to save.

13. As our name indicates, we are a National party, knowing no East, no West, no North, no South. Having no sectional prejudices, we can properly place in nomination for the high offices of State as candidates, men from any section of the Union.

14. We appeal to all people who believe in our principles to aid us by voice, pen and votes.

The platform was adopted without a division after an amendment in favor of free and unlimited coinage of gold and silver was voted down—yeas 164, nays 218. The candidates, BENJAMIN F. BUTLER, of Massachusetts, for President, and A. M. WEST, of Mississippi, for Vice-President, were nominated May 28, both on the first ballot. General BUTLER was also nominated for President at the Anti-Monopoly National Convention, Chicago, May 14, 1884.

### The Prohibition Platform.

[Adopted in National Convention, Pittsburgh, July 23.]

The platform portrays the evils of the liquor traffic; demands that hereafter no State shall be admitted to the Union until the Constitution shall openly prohibit polygamy and the manufacture and sale of intoxicating beverages; that all money, coin and paper, shall be made, issued and regulated by the General Government, and shall be a legal tender for all debts, public and private; and declares for the civil and political equality of the sexes, and that the ballot in the hand of woman is a right for her protection, and would prove a powerful ally for the abolition of the drink saloon, the execution of law, the promotion of reform in civil affairs and the removal of corruption in public life.

JOHN P. ST. JOHN, of Kansas, was nominated for President, and WILLIAM DANIEL, of Maryland, for Vice-President, July 24.

† NOTE.—The Naval Appropriation bill having failed, an act was passed continuing for six months the appropriations of the last year. The amount so appropriated ($6,709,717 11) should be doubled for purposes of comparison with the previous appropriations, and that sum ($13,419,434 22) increased by $2,150,100 00 appropriated to complete the cruisers, makes up total of $15,569,534 22.

The act appropriating for the payment of Pensions, etc., appropriates and makes available for 1885 an unexpended balance said to be $66,000,000, and the Deficiency Act appropriates an unexpended balance of $279,500.

The $1,000,000 appropriated to the Cotton Exposition at New Orleans are to be refunded to the U. S.; and one-half the $500,000 appropriated to the sewerage of the District of Columbia, and of the general appropriations for the District, is to be charged to the District.

### Rates of Postage, United States.

FIRST-CLASS—Letters and all other written matter, *whether sealed or unsealed*, and all other matter, *sealed, nailed, sewed, tied,* or *fastened in any manner* so that it cannot be easily examined, 2 cents per half ounce or fraction thereof. Postal cards 1 cent each. *Postal cards are unmailable* with any writing or printing on the address side, except the direction, or with anything pasted upon or attached to them. Exception: A printed label may be used in lieu of manuscript address.

SECOND-CLASS—Only for publishers and news agents. When sent by others than the publisher or news agent, one cent for each four ounces or fractional part thereof fully prepaid.

THIRD-CLASS—Printed matter, in *unsealed wrappers only* (all matter inclosed in

notched envelopes must pay letter rates), 1 cent for each two ounces or fraction thereof, *which must be fully prepaid.* This includes books, printed circulars, chromos, engravings, hand-bills, lithographs, magazines, music, newspapers, pamphlets, proof-sheets and manuscript accompanying the same, reproductions by the electric pen, hektograph, metallograph, papyrograph, and, in short, any reproduction upon paper. Limit of weight four pounds, except for a single book, which may weigh more.

NOTE—Productions by *copying press or the type-writer* are first-class.

FOURTH-CLASS—All mailable matter not included in the three preceding classes which is so prepared for mailing as to be *easily withdrawn from the wrapper* and examined. Rate, 1 cent per ounce or fraction thereof. Limit of weight, four pounds. Full prepayment compulsory. Labels, patterns, photographs, playing cards, visiting cards, address tags, paper sacks, wrapping paper with advertisements printed thereon, bill-heads, letter-heads, envelopes and other matter of the same general character, the printing upon which is not designed to instruct, amuse, cultivate the mind or taste, or impart general information, are articles of merchandise, and rate as fourth-class matter.

## UNMAILABLE.

Obscene books, letters, papers, pictures and postal cards; lottery circulars and letters; liquids, gunpowder and other explosives; live animals, poisons, and *any article liable to injure the mails or the persons of those handling them.*

## PERMISSIBLE WRITING.

*No writing is permitted* on third or fourth class matter except as follows: The name and address of sender on the outside or inside of the package, preceded by the word "from." On the wrapper may also be written the names and number of articles inclosed. The sender is further allowed to mark a word or passage in a book or paper to which he desires to call special attention. He may also write a simple inscription or dedication upon the cover or blank leaves of a book or pamphlet. There may be attached to any articles of merchandise, by tag or label, a mark, number, name, or letter for purpose of identification. Printed circulars may contain the written names of the sender and addressee, with the date. *Any other writing* on third or fourth class matter *will subject the package to letter rates of postage*, and render the sender liable to a *fine* of $10 for each offence.

## RATES OF POSTAGE TO CANADA.

[The Dominion of Canada embraces all the British North American Provinces except Newfoundland.]

LETTERS AND POSTAL CARDS—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

OTHER MATTER—Same rates and conditions of transmission as for matter for delivery within the United States except that MERCHANDISE IS RIGIDLY EXCLUDED. *Samples* of merchandise are mailable, but they must not exceed eight ounces in weight, and are subject to a postage of 10 cents each. They must also be strictly *specimens of goods for sale.*

‡ The Amendment is in the following terms:

No county, city, town or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in or bonds of any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law. No county containing a city of over 100,000 inhabitants, or any such city, shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed 10 per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation except such as may now exist, shall be absolutely void, except as herein otherwise provided. No such county or such city, whose present indebtedness exceeds 10 per centum of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit. This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained, in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes. Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water, but the term of the bonds issued to provide for the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity. The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over 100,000 inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year 2 per centum of the assessed valuation of the real and personal estate of said county or city, to be ascertained as prescribed in this section in respect to county or city debt.

In Louisiana there were two Garfield tickets, one the "regular," the other the "Beattie" ticket. The former polled 28,297, the latter 10 340. In Maine the "Hancock" vote was for a "Fusion" ticket containing 4 Greenbackers and 3 Democrats. There was also a Straight Greenback ticket. In Virginia there were two Hancock tickets, the "regular" and the "Readjuster." The former had 96,912 votes; the latter, 31,674. ‡ Plurality. All, over Garfield, 311,115. §1884: Blank, defective and scattering, 14,904, viz.: Conn., 6; Fla., 92; La., 458; Maine, 3,693; Mich., 5,037; Neb., 47; N. Y., 4,270; Oreg., 50; S. C., 1,237; Texas, 12; W. Va., 2. In preparing this table, the vote received by the highest elector on each ticket was adopted. In the detailed tables, the vote sent by the Secretary of the State, which was often that of the first-named elector, was from necessity taken. This will explain sundry slight discrepancies between these figures and the other totals. In Iowa, Michigan and Nebraska there was a "fusion" on Electors of Democrats and Greenbackers, and in Missouri and West Virginia a "fusion" on Electors of Republicans and Greenbackers. In each case the "fusion" vote is counted for Cleveland or Blaine, as the case may be, except in Michigan, where alone it has been possible to analyse the vote. In it, Cleveland is given the vote of the distinctive Democratic elector, and Butler that of the distinctive Greenback elector with the addition of 763 "straight" Butler votes. In consequence of the uncertainties in the count resulting from the "fusions" formed, the plurality shown for Cleveland must be considered an approximation to the actual result—not a definite result.

All, over Cleveland, 317,638.

IOWA—The joint resolution to submit to popular vote a constitutional amendment to secure woman suffrage, passed the Senate March 13, 1884—yeas 26, nays 24, but was defeated in the House. Two years ago the vote in the Senate was: Yeas 37, nays 5, absent 8; the House: Yeas 61, nays 31, absent 8.

A Prohibitory Liquor Law was enacted. It prohibits the manufacture or sale, or keeping for sale, as a beverage, of alcohol, ale, wine, beer, spirituous, vinous and malt liquors, and all intoxicating liquors whatever. It took effect July 4, 1884.

All general elections are hereafter to be held on the Tuesday after the first Monday in November.

MASSACHUSETTS—The movement to substitute biennial for annual sessions of the Legislature was defeated in the House—yeas 139, nays 87, not two-thirds.

The bill to allow women like privileges as voters with men in the conduct of municipal affairs, was defeated—yeas 50, nays 144 (pairs 11). The affirmative vote was: Republicans 25, Democrats 23, Greenbackers 2. The negative vote was: Republicans 86, Democrats 56, Independent-Democrat 1, Independent 1. Last year the vote was: Yeas 60, nays 127 (pairs 20).

A resolve submitting to popular vote a Prohibitory Amendment was defeated in the House *April* 21, yeas 74, nays 87, with two pairs. The affirmative was made up of 68 Republicans, 4 Democrats, 1 Greenbacker and 1 Independent. The negative, of 58 Democrats, 25 Republicans, 2 Independents, 1 Independent Republican and 1 Independent Democrat. On *April* 29, this vote was reconsidered—yeas 67, nays 55; and the resolve being again on final passage was defeated—yeas 63, nays 60, the necessary number for passage being 65. Eight Democrats voted for the resolve, and eighteen Republicans against it.

A resolve passed third reading in the House *May* 16—yeas 67, nays 66—for an amendment to the Constitution that the payment of a poll tax shall no longer be a pre-requisite for the right to vote for Governor, Lieutenant-Governor, Senators and Representatives. On final passage, *May* 20, the yeas were 75, nays 81, with 14 pairs—two-thirds required to pass. Of Republicans, 21 voted for it and 3 were paired in its favor; 1 Democrat voted against it.

NEBRASKA—Two Constitutional Amendments were adopted—one relating to the Legislative department, and the other creating a Railroad Commission.

NEW-JERSEY—A Woman Suffrage Amendment was defeated in the Assembly—yeas 24, nays 27.

NEW-YORK—The bill to submit a Prohibitory Amendment to popular vote was defeated—yeas 61, nays 63. Of affirmative, 53 were cast by Republicans. Of the negative, 46 were Democratic. The bill applying the Civil Service Act to every incorporated city became a law.

NORTH CAROLINA—Hon. *Alfred M. Scales*, elected Governor, resigned as a Representative in XLVIIIth Congress to take effect December 30, 1884.

OHIO—The local option feature of the Scott liquor law, which gave to residents of incorporated villages the right by vote to prohibit the sale of intoxicating liquor, was repealed by the Legislature of 1884. *October* 28, a majority of the Supreme Court—Judges Okey, Follett, and Owens—with Judges Johnson and McIlvaine dissenting—decided that this law so far as it provides for a lien on the real estate occupied by a tenant who is a dealer in liquors, is in effect a license law, within the inhibition of the 18th section of the schedule of the Constitution, and that the whole act, so far as it provides for such assessment or tax is unconstitutional and void. The State *vs.* Frame, and Benner *vs.* Bander are overruled.

PENNSYLVANIA—1884, *December* 23, at a special election for successor to *William A. Duncan*, 19th District, in XLVIIIth Congress. *John A. Swope* had a majority of 6,066 votes over C. H. Bressler. A successor in XLIXth Congress has not yet been elected.

SOUTH CAROLINA—1884, *December* 9, Hon. *Wade Hampton* was re-elected to the U. S. Senate for six years from *March* 3, 1885. He received all the votes cast, except two Senators who voted for W. J. Whipper, and three Representatives who voted for Robert Smalls.

VERMONT—The House defeated, *November* 25, 1884, Local Option Liquor License bill—yeas 72, nays 123, and by a vote of 113 to 69, a bill empowering women to vote at town elections.

VIRGINIA—1884, *November* 29, the General Assembly to-day passed over the Governor's veto the Electoral Board bill.

[*From The Boston Globe.*]

"Since Mrs. Frank Leslie assumed the sole management, the brilliancy and success of the Leslie publications have won for them even greater popularity than they previously had. Her editorial ability is granted by the press, and is shown in the variety and excellence of the matter promptly placed by her before the public. It is her policy to produce at the earliest possible moment, regardless of expense, whatever of moment takes place in any section of this country. She relies for assistance upon a corps of the best artists, who, with pen and pencil, are scattered here and there to illustrate the most interesting scenes. Each issue of Frank Leslie's paper faithfully pictures the most important events, and a bound volume is an invaluable history of the year. Democrats owe this publication their fealty, for it is a powerful auxiliary, now as in the past, in their efforts for reform and good government. It has done them invaluable service, and will continue to do so."

## BEATS THE RECORD.

THE TRIBUNE begins the new subscription year with a circulation unparalleled in its previous history. The paper has labored with its whole strength during the Presidential campaign, and its earnest advocacy of Republican principles has been met by the Republican party with an unexampled support.

During election week THE TRIBUNE made a spurt, and its circulation, in racing parlance, broke all previous records. The following was the actual circulation for the seven days ending November 9:

| | |
|---|---|
| **Monday, Novmeber 3** | **99,100** |
| **Tuesday, November 4** | **101,500** |
| **Wednesday, November 5** | **188,600** |
| **Thursday, November 6** | **167,100** |
| **Friday, November 7** | **160,600** |
| **Saturday, November 8** | **172,000** |
| **Sunday, November 9** | **129,000** |
| **Weekly, November 5**, exclusive of short term campaign subscriptions | **145,910** |
| **Semi-Weekly** | **38,300** |
| **Total number of Tribunes printed and sold during week ending Novembes 9**, exclusive of campaign subscriptions | **1,202,110** |

Ninety-four tons of paper were used in this work.

The following week THE TRIBUNE settled down to a steady gait. The bona-fide sales of THE DAILY averaged **121,400** per day, THE WEEKLY was **142,650**, exclusive of short term campaign subscriptions; and the SEMI-WEEKLY was **36,700**. Or, **1,029,150** copies during the week.

Those desiring to verify these figures can do so in THE TRIBUNE counting-room, where the affidavits of the pressmen, the cashier, the paper makers, and others, are on file.

THE TRIBUNE has publicly challenged *The New-York Times* to a comparison of actual circulation. Though the challenge has been published, day after day, it has not been accepted.
